eSchoolPad _{for} Windows

INSTALLATION GUIDE v1.0

Prepared by: Avrio Solutions Company Limited

Prerequisites for eSchoolPad Installation

The following items MUST be ready and available before installation:

- 1. Windows 8.1 or above (for both tablet and desktop)
- 2. Microsoft account
- 3. Wi-Fi connectivity

Step 1: Install eSchoolPad through Windows Store

- Go to Windows Store on device
- Enter "eSchoolPad" in the search bar and choose "eSchoolPad" below

- Click "Install" to install eSchoolPad on device
- Provide Microsoft account Email and Password if you have not signed in yet

.	
Ėmail address	
Password	
Sign up for a Microsoft account	

Finish downloading eSchoolPad

Step 2: Install eSchoolPadAgent (for Windows Version)

The eSchoolPadAgent will help eSchoolPad to keep running at background and load eSchoolPad automatically when the server send orders to the device. Please notice that eSchoolPad cannot work without eSchoolPadAgent.

- Download the eSchoolPadAgent package file <u>https://www.eschoolpad.net/upload/windows/eSchoolPadAgentSetup.msi</u>
- Double click the package file and click "Next"

Click "Finish" to finish the setup process

Step 3: Setup eSchoolPad

• Open search box in the start menu and type in eSchoolPad, then click eSchoolPad

• Select "Allow" to allow the permission of using the current location
